SUBJECT: <del>Project</del> Memo to Tony Lapham re Sources and Methods Legislation		
<p>NOTES</p> <p>I think part of the problem regarding the holdup on our Sources and Methods letter to Congress was that Tony Lapham was not properly seized with the problems involved and did not understand what our letter was intended to do. I think the attached draft memo can be used to have OGC focus its attention on specific provisions in Sources and Methods legislation introduced last year. We can do this, of course, without waiting for a new DCI to be educated as to our needs in this area. And we should identify the shortcomings in H.R. 12006 so as to correct them in whatever legislation we propose or with which we will be working during this Congress.</p>
